

INDUSTRIES WE SERVE

KT Technical Solutions is an exclusive manufacturer's representative for several best-in-class OEM's. Our team has over 300+ years of combined manufacturing experience in the following industries:

- Medical
- Aerospace
- Defense
- Telecom
- Automotive
- Energy
- Robotics
- Aviation
- Hospitality
- Retail
- Transportation
- Biotech

<http://www.ktts.us>

A short list of our manufacturing capabilities:

- PCBA (Single, Multi-layer Rigid Flex)
- PCB (quick turn)
- Wire Harness & Cable Assemblies
- Injection, Over, & Insert Molding
- Sheet Metal Fabrication
- Precision Machining
- Custom Battery / Lithium Solutions
- Complete Box Builds
- Connectors
- Ballasts
- Custom Chassis Slides
- As well as Design & Engineering Support.

Appropriate Certificate of Compliance (CoC) Assured

KT Technical Solutions is Honored to Represent These Esteemed Companies

One-Stop source with a full spectrum of services including design, engineering & manufacturing.

Avalon Test Equipment has been a leader in the test and measurement equipment industry for 25 years.

Specializes in providing complete quick-turn custom interconnect solutions to the high-tech industry.

Circuit Services is a full-service ISO Certified Circuit Board Fabricator.

A solutions provider disciplined in HMI, Connectivity, Contract Mfg., Plastic Molding, and Sheet Metal Fabrication.

Elite excels in all facets of manufacturing from start to finish. From mechanical design, machining, precision sheet metal, or turnkey assembly.

Leading cable manufacturer specializing in audio, video, communication & electronic cable assembly & wire harnesses for automotive, medical & industrial equipment.

A manufacturer of complex passive components & precision subsystems focusing on highly demanding end-markets, applications & functions.

Gemini does injection molding products for a wide range of applications including Electronic & Lighting Components, Industrial Molded Parts & Consumer Products.

General Devices has been providing customers with the best craftsmanship & quality electronic hardware since 1953.

Leaders in Precision Metal Fabrication. Hansen is a combined custom precision sheet metal shop, machine shop, stamping shop and waterjet cutting shop.

A full-service design, engineering, and manufacturing firm, specializing in acceleration switches of all kinds.

KT Engineering offers a variety of products & services from design to production, allowing their customers to focus on what they do best.

Lithium Power offers custom design lithium batteries perfectly suited for a wide range of industries and applications.

Mitas specializes in designing, developing, manufacturing and sourcing custom micro coaxial cable assemblies for electronic LCD panels and related industries.

A full in-house manufacturing & design company with standard & special electrical connectors for harsh environment, FFC cables, snap domes and more.

Provides comprehensive semiconductor products & solutions, widely used in automotive, industrial, information communication & consumer electronics markets.

OSI provides customers with the capabilities & purchasing power of a global electronics manufacturing company.

Offers Power XP high yield alkaline battery series, custom battery packs, and a host of rechargeable and Primary Lithium chemistries.

The SIGMA OEM Advantage delivers unparalleled quality service, and logistics in global sourcing and manufacturing.

SMTC is a mid-size provider of end-to-end electronics manufacturing services,

Supplies HDI, rigid, rigid-flex PCBs for time critical and mass production requirements.

SPM is a global Electronics Manufacturing Service (EMS) provider focused on mission critical industries

SVTRONICS offers advanced manufacturing technology and years of experience to our customers to build their product from start to finish.

Specializes in printed circuit board (PCB) design, manufacturing & assembly, and custom Li-ion battery packs.

Founded in 1997, Tru-Tronics has emerged as a leader in assisting purchasing departments with all of their board level components needs.

A leading global source for wire and cable, connectors and accessories, harness management products, and value-added services.

XLR8 offers a wide range of solutions. From design for manufacturability, assembly to order fulfillment, you can count on XLR8 for every step in the assembly process.
